

Dear _____,

If you are getting this letter, you likely already know that Indian Valley Nursery School and Kindergarten (IVNS) is a valued part of our lives. As we begin this new school year, we are reaching out to family, friends, alumni, and community businesses with an invitation to support our school.

IVNS receives funding from tuition, church support, and fundraising efforts. In order to maintain our quality program each year, the school has to sustain a sizeable budget which currently requires \$25,000 just for our scholarship program. This particular program allows students with financial needs to attend IVNS who would not otherwise be able to do so. Our budget enables staff to offer educational, and just plain fun, opportunities for children as they prepare to be life-long learners. Many students and families alike are nurtured and set up well for future school endeavors.

Your generous participation will help many students for years to come. Since 1979, this school has been promoting a strong foundation in the lives of children in our community. Over 100 families every year benefit from a wonderful environment and we would love for you to be a part of helping the program continue to affect future generations.

If you would consider participating in our fundraising campaign, through your own donation or by asking others to donate, we would be very grateful. You may know of alumni or relatives that would be interested in investing in our continuing endeavor. Any amount is appreciated. Willing donors can just complete and return the form below with their donation to:
